Revenue Enablement | Onboarding & Ramp Program Design | Coaching & MEDDPICC | AI-Powered GTM Automation

EXPERIENCE

Team Lead, GTM Enablement & Business Development — Agicap, Austin, TX

2026–Present

- Built a BDR onboarding and ramp program from scratch for a 4-rep team, cutting time-to-first-qualified-opportunity ~3x (from ~6 weeks to ~2 weeks) in early small-cohort data
- Designed and deployed production AI automations (Claude) that transformed rep workflows — automating transcript-to-follow-up drafting, nightly CRM research, and account scoring/assignment — reducing daily rep prep time by ~50% and eliminating an estimated 5+ hours of manual work per rep each week
- Design and deliver ongoing coaching on call review (Gong, Modjo), discovery, and MEDDPICC

Founding Account Executive — Agicap, Austin, TX

Aug 2025–2026

- First US AE; built the US outbound motion from zero — ICP, target lists, sequencing and dialing stack, call frameworks, and CRM attribution
- Reset the US ICP through a 49-customer closed-won analysis; the resulting structural-complexity model now drives all US targeting across the company database
- Sourced 77 qualified opportunities (~\$1.6M pipeline) — #1 in closed-won deals

Strategic Partner Manager — LogicMonitor, Austin, TX

Apr 2024–Aug 2025

- Designed partner enablement content on product positioning and delivered it to partner sales teams across the MSP/channel ecosystem
- Ran customer onsite, business reviews, and joint enablement events across the partner ecosystem (15% travel)
- Exceeded plan in year one with no ramp period; contributed ~\$1.2M in ARR growth

Account Executive — Vanta, Austin, TX

Feb 2022–Mar 2024

- Selected to present an enablement session on pre-call research and personalization at SKO (~150 attendees)
- Ran full deal cycles on Command of the Message + MEDDPICC; closed ~\$1.3M ARR across 2022–2023 at 10–12 net-new logos per month

BDR → Senior BDR → SMB AE → Mid-Market AE — LogicMonitor, Austin, TX

Oct 2019–Feb 2022

- Authored the MSP BDR Playbook used to onboard new hires; led enablement and ramp sessions for incoming BDRs
- Trained in MEDDPICC; applied it to pipeline inspection, forecasting, and new-hire coaching
- #1 BDR by production (\$765K closed-won)

SKILLS

Enablement & Coaching: Onboarding & ramp program design, curriculum development, coaching, call review (Gong, Modjo), MEDDPICC, Command of the Message, discovery and talk-track design, pre-call research frameworks

GTM Systems / RevOps: ICP design & closed-won analysis, CRM data hygiene & deduplication, account scoring, pipeline inspection, forecasting, reporting, sales-tooling evaluation

AI & Automation: AI-powered workflow design and automation (Claude, ChatGPT), prompt engineering, transcript-to-CRM automation, AI-assisted coaching workflows

Tools: HubSpot, Salesforce, Gong, Modjo, Clari, ZoomInfo, Trellus, ColdIQ, G2 Intent

EDUCATION

Texas A&M University — Sport Management, 2018

Manager, Men's Basketball program; completed degree in three years
